Dear Friend:

You probably are aware by now that the Donald Tucker Civic Association will be holding its **ANNUAL BREAKFAST on Sunday, November 1, 1987 at 9 a.m., at the Newark Airport Marriott Hotel in Newark, New Jersey.**

Our standard bearer, Donald Tucker is a Newarker by birth, and believes in our cities people. He relates to the hopes and aspirations of all our residents. That is why he has always stood up for the rights of homeowners, tenants, pre-school children and their families, senior citizens, and all others in need of services.

For those committed to Newark's revitalization, our Breakfast offers a unique opportunity to gather together with others holding the same principles. We believe the redevelopment of our City's **physical and human** resources are critical to the future.

This year we are honored by the presence of the **Hon. Rev. Willie T. Barrows, D.D.**, the National Executive Director of Operation PUSH from Chicago, Illinois, who will be our breakfast speaker.

I know that you may want to share this warm and enlightening occasion with us. If you desire tickets to the affair itself (\$20. donation each), please contact us at (201) 722-6427 to be assured of your seat.

Thank you very much for your anticipated cooperation.

Sincerely,

W. Ruth Jackson  
Secretary
